

Hello Everyone!

I'm excited to announce that we are taking registrations for children's ministry and youth ministry in our local parishes. This year is certainly going to be more challenging than other years, however I believe religious education for children and youth is even more important than ever.

The divisive times we live in are not only stressful for adults. They are stressful for children as well. I believe that it is a great consolation for our children to know that there is a God who loves them and cares for them and is helping them navigate these times.

Obviously, there are going to be a lot of challenges for us this year. Some of these challenges are COVID related, but not all of them. We also have some significant challenges regarding staffing. Frankly, we have much fewer staff members than usual to help us execute.

I'm working hard and making progress, but it is a little slower than I want or you want. Please say an extra prayer for me! And, if you have a child from Kindergarten through 12th grade that you would like to register please click the link below. You will be taken to a contact form and a short video about our programs this year. We will be in contact with you soon!
